

Exit Poll Project Evaluation Form – Recruitment/Training Committee

Part of your grade for the Exit Poll Project will be based on an evaluation of your participation in your committee's tasks, as determined by yourself as well as your peers on the committee.

For each person on the committee, including yourself, you will give a grade and be asked why that person deserves the grade you have given them.

In making that determination, you are to consider both the quantity and quality of the student's participation:

- How involved were they in both the work of the committee during the exit poll project, and in the crafting of the final paper?
- Was their participation helpful?
- Ultimately, was their participation helpful, a hindrance, or non-existent as the committee performed its tasks?

Below is a list of all the people on your committee, for each one circle the grade you would give them and in the "Explanation" section give your reasons for giving this grade. For your own evaluation, make sure you check the "This is me" box.
